

Attached is a marked up Yahoo map with the suggested Wright Memorial Trail hike now that the Huffman Flying Field is a National Park. Suggest parking in the Twin Base Golf Club's parking lot and hiking to the Park, west on Hebble Creek Rd past the Skeet Range, NE on Pylon Rd stopping at the 1905 Hanger, SW on Marl Rd which runs on the old trolley rail bed to the pedestrian gate to the road/bike path under 444 around and up to the Wright Memorial National Park and Interpretive Center over looking Huffman Dam, the Flying Field, and WPAFB Area A. You can either retrace the path back to the car (~5 mi round trip), or take a short cut by turning east on Hebble Creek Rd on the way back. Note: Security Forces open the gates at sunrise and close and lock them at sunset.
